C&O Railway History Series Book Subscriptions

The C&O Historical Society continues our publications project called **C&O History Series Books**. This series consists of a book issued every quarter. Each book treats an aspect of C&O history, equipment, structures, etc., more extensively than we could provide in our C&O magazine. Topics for these books may be continuations or expansions of magazine articles, or entirely new subjects not covered before. Each book is developed based on information contained in our archives following these criteria; on whether the subject is thought to have a broad interest among rail fans and historians; if it deserves extensive treatment because of its importance in C&O history. 64-126 pages, softbound.

(You can order these books as a subscription or separately) EACH BOOKS IS \$24.95 PLUS SHIPPING AND HANDLING SUBSCRIBE TO ALL FOUR AND SAVE 40% PLUS S/H (sales tax for Virginia customers will be added)

2024 History Series Books

BK-24-500 FOUR VOLUME SERIES \$70.00

BK-24-501 Vol 45: C&O Craig Valley Branch This was one only a handful of C&O branches was not built for coal, but rather was for iron ore extraction. It ran 26 miles from a connection with the James River Subdivision east of Clifton Forge into the heart of Virginia's iron region, which was booming in the 1880s-90s. The history of the branch serves as a good example of how C&O ran one of the lines that was not dedicated to coal.

BK-24-502 Vol 46: Lake Michigan Car Ferries This book gives a summary history of the service with emphasis on the two C&O-built boats of 1952 as well as the two most modern of the PM-built ships. Over 100 great photos. A complete roster of all the PM and C&O boats is included.

BK-24-503 Vol 47: The Sportsman Passenger Train – Vol. 1 C&O inaugurated a new passenger train in 1930 and it called The Sportsman. This was because it emphasized the traffic to and from the holiday and recreational areas served: The Virginia seashore resorts, the mountain springs resorts of Virginia and West Virginia, and the vacation regions of western Michigan. The train actually overlaid the existing C&O passenger system, though it was later more integrated. Inaugurated just as the Depression began, C&O nonetheless lavished much attention and a great deal of money on The Sportsman.

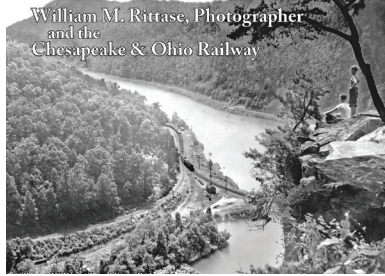

The story is being told in two Volumes: Volume 2 to be issued as the 4th quarter C&O History Series book. (See below)

BK-24-504 Vol 48: The Sportsman Passenger Train – Vol. 2

GIVING, MODELS & MODELING REFERENCES

As a non-profit organization, the C&O Historical Society relies on donations from members, friends, customers, and organizations to provide funding for projects including the restoration of our collection of locomotives, passenger, and freight cars and our facilities at the Heritage Center. Along with retail purchases, please consider making a donation to the Society to ensure we can continue on our path of education and growth. For additional information, please contact us at 540-862-2210, visit our website cohs.org

For the serious craftsman on your shopping list browse our vast inventory of materials including drawings, maps, charts, rolling stock, motive power rosters, timetables and more. The C&OHS archives has over 100,000 photos, historic posters, and lithographs. They are available in a variety of sizes. Archive material is also available in digital format. Visit www.cohs.org to view the thousands of available research materials in our database, all searchable by keyword.

Because model manufacturers usually require pre-orders for models, it is very hard to put them in a yearly catalog. Please note the listings on this page are a few sample models that should be available all year long. Please check our website: www.chessieshop.com for time sensitive models. (O, HO & N Scale)

BOOKS

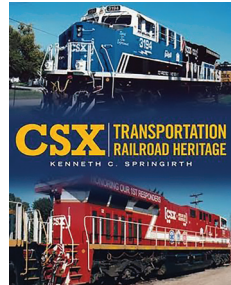

Smokeless Coal Fields of West Virginia: A Brief History This book has become an essential sourcebook, consulted and quoted in nearly every study of coal field history. SC, 106 pgs.
BK-23-512 \$21.99

Exploring the Abandoned Coal Towns of WV: The Southeastern Region WV's coal towns, the struggles and sacrifices of early Americans to lead the way into our world today. SC, 96 pgs.
BK-23-510 \$23.99

CSX Transportation Railroad Heritage

A photographic essay of this major railroad that was formed in 1980 by a merger of the Seaboard Coast Line with the Chessie System, providing a history that goes back to

its beginning with the in 1830 of the B&O Railroad, which was the first common carrier railroad in the US. An early predecessor railroad was the C&O Railway. Each of the railroads that were merged contributed to CSX. The CSX Pride in Service program resulted in three special painted locomotives (shown in this book) honoring the nation's veterans, active military personnel, and first responders. SC, 128 pgs.
BK-23-511 \$28.99
